

MYSAFEHOUSE

**“ DESIGNED TO PROTECT YOU AND
YOUR LOVED ONES EVEN WHEN
THE WORLD IS BIZARRE ”**

WHAT IS MYSAFEHOUSE?

It is a crypto token that protect you and your loved ones in case of natural calamities, nuclear or EMP attack or any untoward incident.

We live in a world where growing intolerance, radicalization, and hate is pushing us to the brim of war. The possibility of nuclear, chemical, biological or electromagnetic impulse attack seems real in a scenario where every country is involved in an arms-race and willing to play every dirty game to take control of the world.

My Safe House is a type of house that has everything you need to live peacefully and securely in case of any untoward incidents. The nuclear or EMP-proof homes are linked with blockchain technology to ensure complete transparency and ultimate security. Buy 'My Safe House' tokens today and secure your family forever.

- OUR MISSION -

"Our mission is to make you feel safe where you live with your loved ones. We intend to secure your house not only from human-made disasters but also from the furies of Mother Nature. We want to make sure that all civilians are safe and secure in case of any wars or natural calamities."

- OUR VISION -

We aim to design a safe house just for you which not only protects you from any potential dangers but also provides you an endless supply of food, water, and recycled fresh air even at the time of crisis.

We provide:

- EMP-proof hospital
- EMP-proof communication
- EMP- transportation system
- Professionally trained rescue team

WHY ARE WE DIFFERENT?

This concept of having a house immune to all kind of terrorist or war attack as well as to stand proudly against the rage of nature is unique in itself. We are also determined to introduce the latest mode of payment added with many added advantages. You can own a “My safe-House” through Initial Coin Offering (ICO) where you not only buy token but can do a lot more things which other currencies fails to offer.

It involves digital coins or tokens; they are always safe in your digital wallets.

- **Track your investments as you have invested through tokens.**
- **Trade your coin and can exit the investment by choice.**
- **Easily accessible from any part of the globe.**
- **Fully Insurance coverage in case your “My Safe-House” gets damaged**

When the fiat Currencies will hold no or little value, My Safe House Cryptocurrency will shine like a sun.

MARKET POTENTIAL OF MYSAFEHOUSE

The market potential of “My Safe-House” is enormous because the majority of the population worldwide is aware of the facts that threat to their lives and the lives of their loved ones is real, and it is growing with every day passing by. Families can go to any extent to ensure the
